

# Community Outing Preassessment

*Complete with the family*

1. Choose 1 community routine you would like to focus on helping your child be prepared for or be more successful:

---

---

2. What are your child's strengths?

---

---

3. How might your child's social communication impact his/her success in the outing you chose?

---

---

4. How might your child's restricted/repetitive behaviors impact his/her success in the outing you chose?

---

---

6. Choose some ways to **modify** the outing(s) you chose:

- What goes well during this outing?
- What is the child doing during the outing?
- What are the adults doing during the outing?
- What do siblings do during the outing?
- What is the environment like?

---

7. Identify a successful community outing:

- What goes well during this outing?
- What is the child doing during the outing?
- What are the adults doing during the outing?
- What do siblings do during the outing?
- What is the environment like?
