

# The Britt Henderson Training Series for Educators

This **FREE** annual series focuses on evidence-based practices to improve the quality of education for students with diverse learning needs.

Would you like to enhance your IEPs and learn about resources to help your students access services outside of school? Join us for this hands on workshop, which will provide an overview of Tennessee Disability Pathfinder, opportunity to enhance and practice IEP goal writing, and gain feedback and community from other educators.

**Target audience:** Training is best suited for special educators. We also welcome school staff, parents, and family members of special education students.

**Presented Virtually:** Sessions will be held via Microsoft Teams from 5:30-7:30 PM (CT).

Meeting link will be emailed to registered participants.
