

Are you a veteran of OEF, OIF, or OND?

We are interested in
how emotional
experiences change
brain function.

Study conducted by

Dr. Jennifer Blackford, Ph.D.

Date of Approval: 8/1/2016

Vanderbilt University Medical Center.

Who

We are looking for service members who have experienced combat trauma while serving in Operation Enduring Freedom, Operation Iraqi Freedom, or Operation New Dawn.

What

Two visits to Vanderbilt for a total of 5 hours.

Tasks include a brief interview, questionnaires, a saliva sample, and an MRI.

You will be compensated \$125 for your time.
