

ATTENTION FAMILIES OF CHILDREN WITH READING DIFFICULTIES

We are currently looking for individuals ages 8 to 20 with reading difficulties to participate in a research study. We are trying to learn more about the best ways to teach people to read.

WHAT WILL BE INVOLVED:

- ❖ Comprehensive evaluation of reading-related skills at Vanderbilt University
- ❖ 4 Magnetic Resonance Imaging (MRI) scans of the brain
- ❖ If you or your child meets our study criteria for having problems with reading, you or your child may be invited to participate.
 - *Participants will be randomly assigned to one of two different groups.*
 - 1: Reading tutoring program
 - 2: No reading (sham) tutoring program
- ❖ Parent and teacher questionnaires

WHAT YOU WILL RECEIVE FOR PARTICIPATING:

- ❖ Check for \$150 for the first visit, \$150 for the second visit, and \$150 for the last visit.
- ❖ Report of child's performance on assessment measures (if first visit is completed)
- ❖ A picture of your child's brain!
