

Are you the parent or caregiver of a child with Autism Spectrum Disorder (ASD)? Are you or another parent figure currently serving in the military?

Researchers are doing a study to see how different behavioral programs may help your child with ASD.

Cleveland Clinic ▪ May Institute ▪ Nationwide Children's Hospital ▪ Vanderbilt University Medical Center

We want to hear from you!

We are looking for parents of children with ASD between the ages of 18 months and 4 years old, who partner with TRICARE insurance.

What will happen?

- Your child will receive behavioral intervention from a professional specialist
- We will ask you questions about your child, including current behavioral programs, levels of achievement, and behavioral goals you may have for your child
- You may be offered opportunities to learn new strategies for your child
- You will be paid for filling out forms

Have questions, or want to learn more?
