

Family Well-Being During COVID-19

Date of IRB Approval: 04/23/2020

 VANDERBILT KENNEDY CENTER

We are examining family well-being and family activities in families of young children with and without developmental disabilities.

Who: Parent of a child 6-months to 5 years of age with or without:

- ASD
- Down syndrome
- Williams syndrome
- Developmental or language delay
- Neurodevelopmental genetic syndromes
- Typical development

What: Complete a secure online survey (~15-20 minutes) about social and emotional well-being and musical engagement in children, parents, and families during COVID-19.

Where: Access the survey at <https://is.gd/MusicChildrenFamilies> or use the QR code below.

Participants can enter a lottery to win (1/30 chance) a \$25 Amazon gift card and receive access to free online music activities for their participation.
