

Parent-Child Music Class

Research Opportunity for Preschool-Aged Children and their Parents

For children 2-4 years old and their parents who are interested in participating in a research study involving small group, weekly parent-child music classes (up to ~8 sessions).

Families complete study measures including home surveys, home audio recordings, and study visits at Vanderbilt's Music Cognition Lab. Contact us for more information about the study and music class times and sites.

Participants will be compensated for their time and participation.
