

Now recruiting for a fun new research study!

Learning to Drum in Children with Down Syndrome

Children aged 7-12 with Down syndrome are invited to drum with us while we safely explore brain activity using EEG!

Hands-on
activities

EEG

Drumming
lessons

The study involves 2 in-lab visits to the Vanderbilt Kennedy Center and 8 weeks of free drumming lessons at a Musical Bridges Therapy Clinic. You will receive a \$50 gift card after each in-lab visit (\$100 total).
