

Young Children's Speech Development

VANDERBILT  UNIVERSITY

Date of IRB Approval: 07/02/2021

Volunteer for Research at Vanderbilt University Child Language and Literacy Lab

Help us explore children's speech development

Who: Children who are 4 years or 5 years of age who may or may not have speech articulation difficulties

What children will do:

- Listen to words and sentences and point to pictures on an iPad
- Label pictures
- Repeat words
- Repeat sentences while looking at story pictures
- Talk about favorite activities for 5 minutes

Research activities will take no more than 90 minutes.

Participants will receive up to \$40 as compensation for their time.

Melanie Schuele, PhD, CCC-SLP, is coordinating this study. She and her graduate students will complete study activities with children.
