

A Brief Social Story™
Country Music Hall of Fame and Museum Social Story
A General Visit to the Museum

The Country Music Hall of Fame and Museum is a place where I can learn about the history of country music. When I go to the museum, I might go with my family or a group. I will enter the museum lobby. My family and I can go to the information desk to ask questions.

After we get our tickets, we will take the elevator to the 3rd floor to start our tour. There might be other people in the elevator. The elevator ride will be over quickly. I will try to be respectful of other museum visitors by staying with my family or group, keeping my hands to myself, and using a quiet voice.

When I get to the 3rd floor, there might be music playing. It is okay. It is playing to teach everyone about country music. There are many ways to learn about country music at the museum. I can watch a video on one of the big screens. I can look at the display cases, but I will try not to touch them.

After I pass the big cars and see everything we want to see on the 3rd floor, I will go down the stairs to the 2nd floor to see more. When I have finished looking around the museum, I can go to the Hall of Fame Rotunda. There are names and faces of famous country music musicians.

While I'm at the Country Music Hall of Fame and Museum, it may become loud with people talking or music. If it gets too loud, I can ask my family or group to go to a quiet space.

I might need to go to the bathroom during my visit. If I need to go to the bathroom, I can ask my family or group to take me.

When I'm done, I will go downstairs back to the lobby on the 1st floor. If I am respectful of the museum and other visitors, my family or group will be so proud of me. I might like going to the Country Music Hall of Fame and Museum!
